The delay in receiving the check is becoming worrisome. I am going to contact the adjuster about sending a new check. Please remind your client that an updated W-9 was not received until 11/17, which makes our check due on 12/17, I would appreciate that.

We also need copies of the notices sent to the CSLB. As you may be aware, there is currently pending an action with the CA attorney general against my client as a result of complaints made by Cole to the CSLB, and the notice of settlement is crucial to getting that dismissed. I am hesitant to send the check without a copy of the notices sent, as my client is not confident that your client will follow through.

Thanks,

Ken
